

Dynamics with Playmobil Pro

Playmobil PRO dynamics to break the ice that allows participants to get to know each other on a personal and professional level.

Identify and note down your “Superpowers”

- What can you do in an exceptional way?
- What do our friends, family or colleagues ask us for help with?

Take a few minutes to think...

“The Team”

Before starting a challenge, a balanced and committed work team must be created.

Identify your team role

- Am I one of the people who tries to find and connect with the needs and problems of other people? I am "**SOCIAL**"
- Am I the one who drives the project and the team, with energy, motivation and directing the work in the right direction? I am "**PILOT**"
- Am I the one who generates ideas and brings a dose of fantasy and imagination to the team? I am "**PLANT**"
- Am I one of the people who is good at creating and building? Do I turn ideas into actions and help visualize possible solutions? I am "**MAKER**"
- Am I one of those people who likes to evaluate the pros and cons of a situation when making decisions? I am "**TESTER**"

Build your Playmobil Avatar

Create your playmobil avatar that represents your individual and team skills from elements and pieces that help define these skills and roles.

... and Storytelling.

"You can discover more from one person in an hour of play than in a year of conversation."

<<Plato>>

Team Contract

Once the presentations have been made and the group's abilities are known, the team contract is drawn up to decide:

- Responsibilities
- Commitments
- Rules
- ...

These points of the contract are agreed upon and accepted by the entire team.

Challenged-based collaborative learning

Now the team is ready to start the challenge.

Let's start!

conclusions

Thanks for playing
